MDL No. 3047

Case Nos.: 4:22-md-03047-YGR-PHK

**[PROPOSED] ORDER GRANTING  
META'S MOTION FOR DISCOVERY  
SANCTIONS REGARDING STATE  
AGENCIES**

Judge: Hon. Yvonne Gonzalez Rogers  
Magistrate Judge: Hon. Peter H. Kang

1 Pursuant to Federal Rule of Civil Procedure 37(b), the Court GRANTS Meta's Motion for  
2 Discovery Sanctions Regarding State Agencies. The Court finds that the agencies listed in the chart below  
3 violated its discovery orders, and that the States of which those agencies are a part therefore violated those  
4 discovery orders. In particular, the Court finds that the agencies and States listed below violated the  
5 Court's September 6, 2024 Order (ECF 1117) finding that these agencies are subject to party discovery  
6 and ordering them promptly to confer with Meta to resolve Meta's discovery requests to them. In addition,  
7 the Court finds that the agencies listed in Column D violated the Court's Orders at ECF 1291, 1299, 1380,  
8 and 969, and the Orders issued orally at the December 11, 2024 Discovery Management Conference, by  
9 failing to meet the deadlines imposed by those Orders and/or failing promptly and sufficiently to confer  
10 and negotiate to comply with those Orders. The Court further finds that the agencies listed in Column E  
11 below violated the Court's Order that the general relevant time period for discovery concerning Meta  
12 begins January 1, 2012 (ECF 969 at 5) by refusing to produce documents from before 2015.

13 The Court awards sanctions as laid out in the following chart.

14 For the agencies indicated in Column C, the Court sanctions the agency at issue by finding a  
15 violation of the Court's orders, as described above.

16 For the agencies indicated in Column D, the Court sanctions the agency at issue as follows: (1) the  
17 agency is ordered to run Meta's most recently proposed search terms and custodians to determine the  
18 scope of their document productions in response to Meta's requests for production ("RFPs"); (2) the  
19 States' and agencies' objections to Meta's RFPs are deemed overruled and/or waived and the States and  
20 agencies may not rely on those objections to limit their productions in response to Meta's RFPs; (3) if the  
21 agency fails to complete its productions in response to Meta's RFPs by January 10, 2025, that agency is  
22 ordered to immediately procure an eDiscovery vendor, at the State's cost, that is capable of promptly  
23 collecting, reviewing, and producing the documents; and (4) if the agency fails to complete its productions  
24 in response to Meta's RFPs by January 10, 2025, Meta shall have an additional seven hours of 30(b)(6)  
25 deposition time beyond that previously granted, and the State of which the agency is part shall (in addition  
26 to completing those document productions) prepare its 30(b)(6) witnesses to competently testify about the  
27 topics that would otherwise have been covered by the agencies' (deficient) document productions.

28 For the agencies indicated in Column E, the State of which the agency is part is prohibited from

citing or relying on documents or conduct of Meta from before 2015 at summary judgment or trial.

For the agencies indicated in Column F, the Court awards reasonable fees and costs to Meta pursuant to Rule 37(b); Meta shall submit a proposed award of fees and costs for the Court to examine.

For the agencies indicated in Column G, the Court awards a monetary sanction for each day that the agency continues to not fully comply with all Court orders, including this one. That award shall be \$200 per day, to double each week. Once the agency believes it is in compliance, it may file a notice with the Court so stating under penalty of perjury and explaining how it is in compliance.
